

I kind of see the order as:

1. Mission of Now I Can
2. Brief paragraph of "What is Now I Can?"
3. Donors
4. events of the year, volunteers, etc.
5. Letter from Founders

I don't have a font I'm sold on. Something that looks good. =)

From the founders:

This May marked Now I Can's fourth year in service! The past years have brought many special friends our way, and we are thankful our lives have been touched by our patients and their families.

We are grateful to our therapy team--Sergio Orozco, Nacole Jackson and Joe Hill--for their dedication to helping children achieve their potential. At Now I Can, those challenged with neuromuscular disorders are reaching goals once thought impossible. What a joy to witness first steps, and many firsts... all with a smile.

Our Now I Can family has grown with each patient, each volunteer, and each donor. We express our sincere gratitude to the many corporate partners and private donors listed in this report. Your generosity is blessing the lives of children in a real and dramatic way. There are many others who have helped in big and small ways to help Now I Can better serve children with special needs, and we are thankful.

We look forward to another great year of helping children set and achieve their physical goals, as they gain more confidence and hope along the way.

Board of Directors

The Now I Can Board is comprised of community members dedicated to helping Now I Can fulfill its mission. These individuals serve without pay for a term of two years, and the terms are staggered to allow for continuity. Now I Can is thankful to those who recently completed their Board service this year. They have lent their time, vast talent, and resources to the cause of children.

Volunteers come to gain experience in their particular field of interest, complete service hours... or just because. Now I Can offers more excellent service and more productivity thanks to the following individuals.
